## TECHNICAL DATA SHEET

# Nordique Drill

- PERFORMANCE PRODUCT -

### Product description

The Nordique Drill is the most environmentally friendly anti-freeze drilling fluid on the market. It is designed to lower the freezing point of water when drilling in harsh northern conditions. The product provides an immediate back to work option even after a prolonged pause at low temperatures (-55 ° C).

#### ADVANTAGES :

- Won't affect the drilling mud or other drilling fluids properties and/or performances.
- Compatible with water treatment (water re-circulation)
- Biodégrades rapidly. No bioaccumulation.
- Not a dangerous good.
- Non-corrosive : has a protective effect on drilling equipments.

#### PROPERTIES :

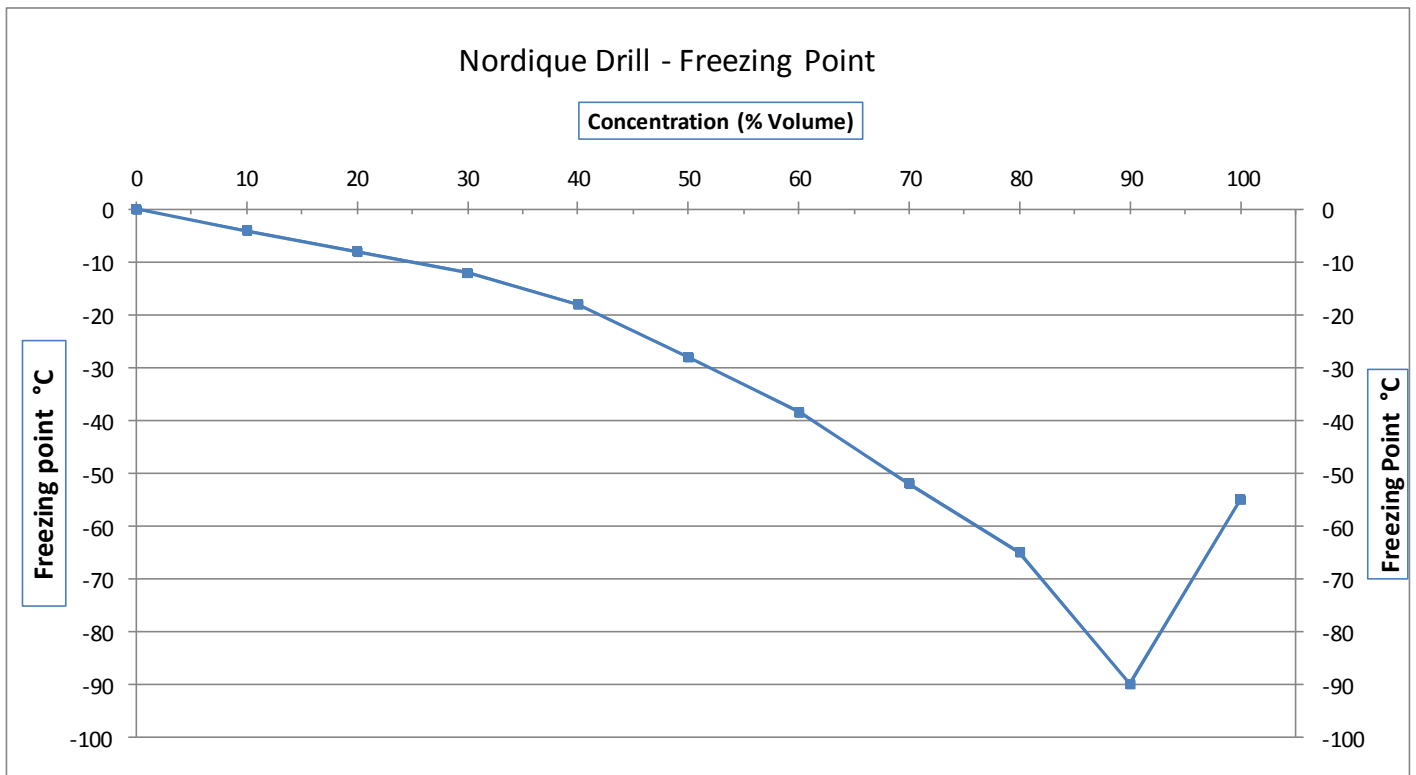

<b>Physical properties - 100 % Concentration</b>	
Appearance	Colorless to yellowish liquid
Odour	Mild odour
Freezing point	- 55 °C (100% concentration)
Relative density	1,053 ± 0.1
pH	6.5

**DOSAGES:**

Dose according the desired freezing point. Refer to the freezing point chart of NORDIC DRILL.

**AVAILABLE FORMATS:**

- 20L pail
- 205 L drum
- 1000 L tote
- Bulk tanker

**NOTE :** The information contained in this Data Sheet is accurate to the best of our knowledge, at the time of writing. However we don't guarantee the content. The user is responsible for determining whether the product is suitable for its conditions of use.
